We take action for the environment

Doing what we love brings us happiness. To really enjoy the activities we love, and make a positive impact beyond our homes, Fiskars takes action for the environment. Every product detail is designed for the best of the user and the environment, increasing sustainability and overall happiness.

The Fiskars story began over 375 years ago.

- 1649** Fiskars ironworks founded in Fiskars village
- 1832** Production focuses on processing iron, and Finland's first cutlery mill is founded, with a product range expanding from knives to include forks and scissors
- 1883** Fiskars becomes a limited company
- 1929** Fiskars transforms to accommodate mass production
- 1956** Fiskars hones its expertise in cookware
All Fiskars cookware* is manufactured at our own factory in Central Finland, in the village of Sorsakoski. The factory has been inseparable part of Sorsakoski and whole Leppävirta area since 1891, serving first as Hackman and later as Fiskars factory. Made from high-quality materials, our cookware is durable and timeless – perfectly combining innovation and Nordic craftsmanship.
*excluding Fiskars cast iron.

Technologies & materials explained

Fiskars knife materials

Stainless steel

Stainless steel has different “standards” such as Japanese or German, but in the end differences are not big between these two classifications. Generally speaking, stainless steel is most common steel type in kitchen knives and is suitable for many different kind of kitchens and purposes due to its good resistance and durability. As name indicates, the stainless steel endures well moisture and is therefore very carefree as it doesn't rust easily for example in dishwasher use. Used in **Hard Edge, Edge, Norr, Functional Form, Sensei** and **Essential** knives.

High carbon stainless steel

High carbon stainless steel is characterised by a high carbon content making the material stronger and harder, but also therefore little bit more brittle. Although carbon steel is stronger and more durable than stainless steel, carbon steel may rust and corrode when exposed to moisture, as it lacks the natural corrosion-resistant properties of its stainless steel counterpart. Carbon steel is often preferred by professional chef's due to its great durability and sharpness. Used in **All Steel** and **Norden** knives.

Titanium

Titanium is extremely lightweight and naturally corrosion resistant material and it has excellent flexibility. Knives made of titanium may be flexed or bowed repeatedly without undergoing rupture and the edge is very sharp. Titanium is relatively soft material when compared to stainless steel, that's why **LZR-EDGE™** technology is applied to create ultimately long-lasting sharpness and edge durability to **Fiskars Taiten** knives.

Fiskars cookware materials

Stainless steel

Stainless steel is an outstanding cookware material that's suited to all kind of cooking. Due to its natural properties, stainless steel is extremely durable, hygienic and easy to care for. Stainless steel has a naturally attractive appearance and, by default, sustains very high temperatures. All Fiskars stainless steel cookware includes an Aluminium layer for improved heat conductivity, and it enhances product performance. All Fiskars cookware products work on any hob, including induction hobs. Fiskars stainless steel cookware product lines are **All Steel, Norden Steel, Hard Face Steel** and **New Functional Form**.

Aluminium

Aluminium has very good thermal conductivity, thus it guarantees naturally equal heat distribution to base and sides of the cookware, speeding up food preparation and saving energy. Aluminium is light to handle and excellent for everyday cooking. All Fiskars cookware products work on all hobs, including induction hobs, thanks to a special treatment of Aluminium. Fiskars Aluminium cookware product lines are **Functional Form Frying pans, Hard Face** and **Taiten**.

Cast iron

Cast iron performs best for long and gentle simmering of soups and stews, oven-baking, and also for extreme, high-temperature frying of steaks and such due to its superior heat capacity. Cast iron cookware performs better with age due to natural seasoning it accumulates during use. Cast iron is not suited for the dishwasher, and it should be exclusively hand-washed. Fiskars cast iron cookware product line is **Norden Cast iron**.

Technologies in our products

Technology	Energy Base	OPTIHEAT™	3-layer base	3-ply technology	LZR-EDGE™
Icon					
Description	Energy Base performs well on all hobs, but the ultimate benefits are evident with a ceramic hob, where Energy Base heats up to 50% faster and uses 30% less energy by transferring heat easily. Used in all Fiskars Aluminium cookware products.	OPTIHEAT™ technology protects the cookware coating from overheating on an induction hob. When the temperature of the pan exceeds 230°C, the material demagnetises until the temperature drops. OPTIHEAT™ technology activates only on an induction hob but is usable on all other hobs too, just without the demagnetising properties.	High-quality impact bonded 3-layer base is optimised for efficient and even heating in cookware products. The layers are formed with a thick Aluminium core between high-quality stainless steel layers. Used in all Fiskars stainless steel cookware products (excluding Norden Steel that is manufactured with multi-ply technology).	Cookware made with multi-ply technology has a stainless steel exterior and interior with an aluminium core between the steel layers. The aluminium layer is fully covered, making the product very long-lasting by preventing damage, while also providing a premium look. Works well on induction hobs. Heat also transfers well to the sides, making the item optimal for simmering.	LZR-EDGE™ technology is used in selected Fiskars knives to give the knife long-lasting sharpness with the most perfect cutting angle. Sharpness lasts 4 times longer than a regular knife.
Product lines	Taiten, Hard Face, Functional Form	Taiten OPTIHEAT™	All Steel, Hard Face Steel, New Functional Form	Norden Steel	Hard Edge, Taiten
Ideal for	Ceramic hob, but suitable for all	Induction hob, but suitable for all	Performs well on all hobs	Performs well on all hobs	Long-lasting sharpness

Coatings explained

Cookware, especially frying pans, are usually coated to improve non-stick properties. The non-stick properties prevent food from sticking on the surface of the cookware and make it easy to clean. Aluminium products are always coated, steel is only coated when non-stick is desired.

There are differences in the qualities and properties of the coatings. Fiskars coatings are 2-4 layers, while the 4-layer coating is the most durable and scratch resistant. The thickness and number of layers corresponds to the durability and performance of the cookware. Long-term properties are ultimately relative to the quality and processing of the coating.

Even though coatings withstand high temperatures, the plastic blendings might turn more sensitive on a very hot pan over 240°C. Our ceramic-based, non-plastic coating Ceratec™ and surface treatment Thermium™ are more heat-resistant and fare well on hot temperatures and with hard use.

All coated pans will eventually cycle out due to coating wearing or scratching off, and the cookware should then be disposed of. Our Thermium™ - and Ceratec™ -treated stainless steel products can, however, be used like any other uncoated stainless steel cookware, even though non-stick properties will decrease over time. The consumer is left with a product that has all the desirable

properties of stainless steel. The same applies to Thermium™ -coated enameled cast iron cookware.

Wooden, silicone, plastic and other non-scratching material utensils are highly recommended to maintain the coating surface in good condition and to lengthen the coated cookware lifespan.

- 1 New Fiskars cookware is purchased from a store or fiskars.com.
- 2 Old cookware is returned to recycling center or station when coating has worn off.
- 3 Old cookware at recycling points and factory's surplus materials are collected and processed into recycled materials that end up back in the cycle for re-use.
- 4 The recycled material is processed into new material components.
- 5 High-quality Fiskars cookware is manufactured at historical Sorsakoski factory, in the middle of Finland, with modern and resource-conscious techniques.

Overall, the recycling rate for our cookware items is very high. On average, we use high-quality **90% recycled stainless steel** and **100% recycled aluminium** with our cookware products.*

*Excluding Norden Steel.

90% recycled stainless steel
& 100% recycled aluminium

Norden outdoor cooking tools features & benefits

Grill utensils

- 1 Solid, premium wood**
Oak and heat-treated birch wood are sourced from responsibly managed forests.
- 2 Premium stainless steel for ultimate performance**
Premium stainless steel for durability and high temperature use.
- 3 Wood for non-stick cookware**
All wooden grilling utensils are suitable for non-stick cookware surfaces.
- 4 Perfectly balanced**
Perfect balance for comfort and control in use.

Grill cookware

- 1 Durable cast iron**
Durable cast iron pot and plate are ideal for a wide variety of cooking styles.
- 2 Easy to clean**
THERMIUM™ mineral treatment makes inner surface very easy to clean and care for.
- 3 High temperatures**
Heatproof up to 270°C, not recommended for use with metal utensils.
- 4 Premium stainless steel**
Premium stainless steel lid for lasting durability.
- 5 Stainless steel steaming basket**
Multi-function cooking: use it as a grill basket for preparing delicate ingredients, as a steamer or as a colander.
- 6 Norden Grill Chef system**
Use it with the Norden Grill Chef Pot for 1- or 2-layer steaming on your barbeque grill or indoor kitchen.
- 7 Stackability**
Part of the stackable Norden Grill Chef system.

Grill Chef pot					Art.no. 1066430	 EAN 6 424002 016311
Height: 13,1 cm	Length: 33,2 cm	Width: 34 cm	Weight: 5,86 kg	Retail box: 1	Oldart.no. -	

- Durable cast iron pot is ideal for a wide variety of cooking styles on the grill and indoors and for easy mixing.
- Thermium™ mineral treatment makes inner surface very easy to clean and care for.
- Premium stainless steel lid.
- Part of the stackable Norden Grill Chef system.
- Suitable for induction, ceramic, gas and traditional hobs. Also for open fire and different grills.

Grill Chef Steel basket/steamer					Art.no. 1066431	 EAN 6 424002 016328
Height: 8,1 cm	Length: 32 cm	Width: 32,2 cm	Weight: 1,05 kg	Retail box: 1	Oldart.no. -	

- For multi-function cooking: use it as a grill basket for preparing delicate ingredients, as a steamer or as a colander.
- Premium stainless steel for lasting durability.
- Use it with the Norden Grill Chef Pot for 1- or 2-layer steaming on your barbeque grill or indoor kitchen.
- Part of the stackable Norden Grill Chef system.

Grill Chef cooking plate					Art.no. 1066432	 EAN 6 424002 016335
Height: 4,3 cm	Length: 32,2 cm	Width: 32,2 cm	Weight: 2,64 kg	Retail box: 1	Oldart.no. -	

- Durable cast iron plate is ideal for cooking pancakes, fish or vegetables on the grill or over open flame.
- Two layers of enamel and unique Thermium™ mineral treatment makes cooking surface very easy to clean and care for.
- Bottom legs provide stability while cooking and serving.
- Part of the stackable Norden Grill Chef system.
- Suitable for open fire and different grills.

Grill Chef spatula					Art.no. 1066425	 EAN 6 424002 016267
Height: 3 cm	Length: 44,4 cm	Width: 8,6 cm	Weight: 0,39 kg	Retail box: 1	Oldart.no. -	

- Solid, premium stainless steel head is thinly shaped to easily flip food.
- Serrated edge cuts ingredients.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef tongs					Art.no. 1066426	 EAN 6 424002 016274
Height: 3 cm	Length: 44,4 cm	Width: 8,6 cm	Weight: 0,38 kg	Retail box: 1	Oldart.no. -	

- Solid, premium stainless steel tongs have a non-twisting joint for precision.
- Serration enables good grip.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef fork

Height: **2,9 cm** Length: **45,2 cm** Width: **8,7 cm** Weight: **0,31 kg** Retailbox: **1**

Art.no. **1066427**

Oldart.no. -

- Solid, premium stainless steel fork easily grabs large ingredients.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef tools set 2pcs

Height: **3,3 cm** Length: **47,3 cm** Width: **14,2 cm** Weight: **0,78 kg** Retailbox: **1**

Art.no. **1066552**

Oldart.no. -

- Spatula's solid, premium stainless steel head is thinly shaped to easily flip food.
- Spatula's serrated edge cuts ingredients.
- Tongs are made of premium stainless steel and have a non-twisting joint for precision.
- Tongs serration enables good grip.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef spoon wooden

Height: **2,5 cm** Length: **43,2 cm** Width: **7,7 cm** Weight: **0,13 kg** Retailbox: **4**

Art.no. **1066428**

Oldart.no. -

- A beautiful piece for grilling, cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Norden utensils features & benefits

DESIGNED IN FINLAND

1 Solid, premium wood

Oak and heat-treated birch wood are sourced from responsibly managed forests.

2 Premium stainless steel for ultimate performance

Premium stainless steel for smooth grating, peeling and slicing tasks.

3 Suitable for non-stick cookware

All wooden cooking utensils are suitable for non-stick cookware surfaces.

4 Perfectly balanced

Perfect balance for comfort and control in use.

5 Unique variation

Natural variation in wood colour and grain makes each product unique.

6 For cooking and serving

Fits well for cooking and dinner table, designed to seamlessly fit the modern kitchen.

Handwash only

Norden kitchen utensils

Grater coarse					Art.no. 1065244	EAN 6 424002 015345
Height: 2,9 cm	Length: 34,5 cm	Width: 7,3 cm	Weight: 0,28 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel provides smooth grating.
- Ideal for coarsely grating a variety of ingredients including carrots, soft cheese, ginger and more.
- Handle made of high-quality, heat-treated birch.
- Rubber leg prevents sliding.
- Designed for optimal balance and comfort during use.

Grater fine					Art.no. 1065245	EAN 6 424002 015352
Height: 2,9 cm	Length: 34,5 cm	Width: 7,3 cm	Weight: 0,28 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel provides smooth grating.
- Ideal for finely grating a variety of ingredients including citrus fruit, spices, garlic, chocolate, hard cheeses and more.
- Handle made of high-quality, heat-treated birch.
- Rubber leg prevents sliding.
- Designed for optimal balance and comfort during use.

Y-peeler					Art.no. 1065246	EAN 6 424002 015369
Height: 2,9 cm	Length: 20,7 cm	Width: 7,4 cm	Weight: 0,11 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel blade for smooth peeling.
- Swivel blade adapts perfectly to the shape of the food.
- Ideal for a variety of peeling tasks, especially for long vegetables such as cucumbers and carrots.
- Handle made of high-quality, heat-treated birch.

Fixed peeler					Art.no. 1065247	EAN 6 424002 015376
Height: 2,9 cm	Length: 20,7 cm	Width: 7,4 cm	Weight: 0,06 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel blade for smooth peeling.
- Ideal for a variety of peeling tasks, especially for long or round fruits and vegetables like asparagus, potatoes and apples.
- Handle made of high-quality, heat-treated birch.

Cheese slicer, hard cheese					Art.no. 1065248	EAN 6 424002 015383
Height: 2,9 cm	Length: 23,4 cm	Width: 7,9 cm	Weight: 0,08 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel blade for smooth slicing.
- Thin sliding blade guarantees perfect slices.
- Ideal for evenly slicing hard cheeses, such as gouda.
- Handle made of high-quality, heat-treated birch.

Fish spike					Art.no. 1065249	EAN 6 424002 015390
Height: 3 cm	Length: 25,3 cm	Width: 7,4 cm	Weight: 0,15 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel spike for ultimate performance.
- Securely grips fish while filleting or preparing.
- Handle made of high-quality, heat-treated birch.
- Pairs with Norden filleting knife.

Carving fork					Art.no. 1065250	EAN 6 424002 015406
Height: 3,1 cm	Length: 28,8 cm	Width: 7,3 cm	Weight: 0,15 kg	Retailbox: 4	Oldart.no. -	

- Premium stainless steel fork for ultimate performance.
- Securely grips roasts and meat while carving.
- Handle made of high-quality, heat-treated birch.
- Pairs with Norden Carving knife.

Spatula					Art.no. 1065696	EAN 6 424002 015949
Height: 2,75 cm	Length: 34,2 cm	Width: 7,25 cm	Weight: 0,10 kg	Retailbox: 4	Oldart.no. -	

- A beautiful piece for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Wok turner					Art.no. 1065697	EAN 6 424002 015956
Height: 2,7 cm	Length: 33,4 cm	Width: 8,1 cm	Weight: 0,09 kg	Retailbox: 4	Oldart.no. -	

- A beautiful piece for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Spoon set 2pcs					Art.no. 1065698	EAN 6 424002 015963
Height: 3,45 cm	Length: 33,2 cm	Width: 7,35 cm	Weight: 0,16 kg	Retailbox: 4	Oldart.no. -	

- Two beautiful pieces for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced designs.
- Safe for use with non-stick cookware.

Tongs

Height: 2,9 cm	Length: 33 cm	Width: 7,5 cm	Weight: 0,09 kg	Retail box: 4
-----------------------	----------------------	----------------------	------------------------	----------------------

Art.no. **1065699**

- A beautiful piece for cooking and serving.
- Serrated teeth easily grab food.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced designs.
- Safe for use with non-stick cookware.

Knife sharpener

Height: 5,5 cm	Length: 9,85 cm	Width: 7,6 cm	Weight: 0,2 kg	Retail box: 4
-----------------------	------------------------	----------------------	-----------------------	----------------------

Art.no. **1065710**

- Made of high-quality oak.
- Ceramic grindstone provides optimal sharpening for knives with straight, steel blades.
- Integrated finger guard, easy and quick to use.
- Suitable for all stainless steel knives with straight blade.

Cutting board small

Height: 3,2 cm	Length: 26,1 cm	Width: 20,6 cm	Weight: 0,98 kg	Retail box: 2
-----------------------	------------------------	-----------------------	------------------------	----------------------

Art.no. **1065711**

- Beautiful board for cutting and serving.
- Made of high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design, with edges for easy lifting.
- Pairs with Norden Cutting Board Large.

Cutting board large

Height: 3,1 cm	Length: 36 cm	Width: 25,5 cm	Weight: 1,81 kg	Retail box: 2
-----------------------	----------------------	-----------------------	------------------------	----------------------

Art.no. **1065712**

- Beautiful board for cutting and serving.
- Made of high-quality oak.
- Integrated cup for minced herbs or for serving small ingredients.
- Cup hole also accommodates Norden Roll-Sharp Knife sharpener.
- Natural variation in wood colour and grain makes each product unique.
- Pairs with Norden Cutting Board Large.

Norden cast iron features & benefits

1 Perfect slow-cooking

Cast iron stores heat evenly and stays warm longer making the casseroles ideal for traditional slow cooking and simmering.

2 Unique mineral treatment

The unique THERMIUM™ mineral treatment gives natural non-stick properties even in very high temperatures. The treatment is applied to Norden cast iron casseroles and frying pans.

3 Non-stick surface

The non-stick surface allows for frying even the most delicate ingredients.

4 Easy to maintain

No surface seasoning needed - easy to maintain.

5 Wooden trivet

Wooden trivet made of Finnish birch.

6 Wooden handle

The wooden handle is made of Finnish birch. It can be removed when placing the frying pan in an oven.

Taiten

Exceptional control for moments of creation

Creation is like life shrunk into one process. It's not about what waits in the end: it's the small victories during your journey. For you to be in control of every step of the way, we have created Fiskars Taiten. So you can turn the spark of an idea into something tangible and beautiful using your own hands, skills, aesthetic, and vision.

As you are immersed at the moment with Taiten, there are no obstacles, only opportunities. Your breathing is steady. Your movements are fluid; your flow is unbreakable.

With Taiten, you have the creative freedom to enjoy small victories on the way.

Taiten cookware features & benefits

- 1 Even heating**
Made of 100% recycled, high-quality aluminium, which conducts heat extremely well, heating food not only from the bottom, but also the pan's sides.
- 2 Safe handle**
Stainless steel handle is safe and ovenproof.
- 3 Superior coating**
CERATEC™ coating is non-plastic and makes cooking and cleaning easy thanks to its non-stick features. PFAS free.
- 4 Energy saving base**
The energy base heats up 50% faster on ceramic hobs and saves 30% energy.
- 5 Works on all hobs.**
With frying pans and sauté pan, revolutionary **OPTIHEAT™** technology prevents the pan from overheating on induction hobs, making it an innovative choice for modern kitchens. Taiten cookware works with all hobs.
- 6 Made in Finland.**
Taiten cookware is made in Sorsakoski factory in central Finland.

Art.no. 1058937

Oldart.no. -

EAN

- All-In premium knife sharpener set is suitable for titanium or stainless steel knives with a straight blade.
- The set includes
 - a whetstone with two grits 1000/5000
 - a sharpening angle guide (26°)
 - a polishing leather and
 - a storage case

To sharpen your knife, follow these steps:

1 Soak

Start by soaking the whetstone in water for 5-10 minutes. Water will act as lubrication when you sharpen the knife.

2 Grey coarse grit

After soaking the whetstone place it in the non-slip holder with the grey/coarse grit (1000) facing upwards.

3 Knife in angle guide

When using the sharpening angle guide, the easiest way to start is by placing the angle guide close to the handle and tighten the orange knob.

4 Start sharpening

Hold the knife and angle guide so that the blade meets the stone. The angle guide is supposed to softly touch the stone together with the blade. Push back and forth across the stone with smooth and steady strokes.

5 Sharpen remaining parts

Move the angle guide closer to the tip of the knife to sharpen the remaining parts of the blade.

6 Turn the knife

After one side is done, turn the knife and repeat with the other side of the blade.

7 White smooth grit

Now it's time to turn the whetstone to finalise the sharpening, with the white/smooth grit (5000) facing upwards. Sharpen the whole length of the blade using the angle guide and repeat for both sides of the blade.

8 Rinse

You're almost done here. Now remove the angle guide from the blade and rinse both the knife and the whetstone under running water and dry both with a cloth. Be careful, your knife is now super sharp!

9 Polishing leather

Add a final touch by polishing the blade with the provided polishing leather. Place the leather on top of the stone with the rough side up and stroke the knife carefully along the leather 3-5 times on both sides (see image).

10 Maintenance

Congrats, now you're done! For more information on maintaining your knives, please visit www.fiskars.com

All Steel pure

Uncoated stainless steel cookware that lasts

Pure is a uniquely durable choice for the quality-conscious consumer.

With superbly functional and long-lasting designs and visually pleasing aesthetics, Pure offers you the next generation uncoated, exceptionally durable cookware that combines sustainability and care-free performance.

Fiskars pure uncoated pans can be used at high temperatures and put in the oven. They are ideal for browning. However, to avoid burning and food sticking, it is important to adjust the temperature gradually. Uncoated stainless steel pans can brown at lower temperatures vs. coated pans. They are extremely durable and almost eternally everlasting due to the uncoated surface.

*Made of 90% recycled materials, easy to recycle & no plastics.

All Steel pure uncoated pans features & benefits

Features & benefits

- 1 Durability**
Made of durable stainless steel. Can also be used with metal utensils.
- 2 Safe handle**
Stainless steel handle is safe and ovenproof.
- 3 Unique engraved pattern**
The engraved pattern is meant for even spreading of cooking oils.
- 4 3-layer base**
The thick 3-layer base is optimised for efficient and even heating.
- 5 Rolled edge**
Re-inforced rolled edge, for better durability.
- 6 Sustainable grinding**
Matte inner surface made by water stone grinding technique.
- 7 Made in Finland.**
All Steel pans are made in Sorsakoski factory in central Finland.

- Made of 90% recycled materials.

Did you know?

Uncoated stainless steel pure pans brown at lower temperatures vs. coated pans. That's why it's very important to adjust and lower frying temperatures to avoid food burning and sticking. Try yourself and find the optimal temperature for your pure cooking moment!

All Steel

Durable performance for conscious kitchens

How we cook today shapes how we'll live tomorrow.

We thoughtfully select and store fresh, sustainable ingredients. We carefully craft recipes that nourish ourselves and loved ones, using only what we need and enjoying every bite of what we use. We do this to create a healthy future for ourselves, our families, our communities and our planet.

Fiskars All Steel allows us to make more mindful choices when equipping the kitchen as well. We prepare meals with pans and knives that reflect our commitment to the health and wellbeing of people and the environment.

Consciously crafted, exceptionally long lasting.
All Steel, made for life.

Hard Face aluminium features & benefits

1 Superior non-stick coating

The next generation of our Hardtec Superior+™ coating is even more durable and scratch resistant, for tough use.

2 Superior base

The energy base is optimised for 50% faster heating and saves 30% energy on ceramic hobs. The thickness of the base allows heat to distribute efficiently and evenly.

3 Safe handle

Comfortable handle stays cool and ensures a good grip.

4 Flat glass lid with 2 pouring options

Lid has silent and durable, heat-resistant silicone edges to support easy handling.

5 Works on all hobs

6 Made in Finland

All Hard Face products are made in Sorsakoski factory in central Finland.

FISKARS

Hard Edge

**Sharp and tough
durability for everyday
use**

Fiskars Hard Edge knives are designed to ensure that they stay sharp and can comfortably handle everyday cooking needs.

The knife blades are made of thick stainless steel with the revolutionary LZR-EDGE™ technology on the cutting edge. This allows the knife to stay sharp 4 times longer than standard knives. The knife handles also feature an ergonomic design with a unique 3D pattern to ensure the perfect grip.

Hard Edge knives features & benefits

Hard Edge knives are designed to ensure longer lasting sharpness for all occasions.

1 Revolutionary LZR-EDGE™ Technology

The hero part of the Hard Edge knife is the blade and edge. The edge has been refined using LZR-EDGE™ technology giving the knife long lasting sharpness, lasting 4 times longer.

2 Thick stainless steel blade

The knives have thick cut stainless steel blades for durability.

3 Comfortable grip

A Softouch™ and three dimensionally patterned handle for a comfortable and safe grip.

4 Easy to maintain

The knife is easy to maintain, when needed, it is easy to re-sharpen: any sharpening tool can be used. The knife is also dishwasher safe.

Kitchen Bathroom Atelier Office Sewing Kid's room Garage Garden

Widest scissors offering across all categories

Whether you are preparing food in the kitchen, sewing in your hobby room, crafting with your kids or cutting flowers in the garden, Fiskars has the right pair of scissors for you.

ReNew scissors

Recycled materials

These Fiskars scissors are skillfully crafted from recycled and renewable materials at our factory in Billnäs, Finland. The scissors handles are made from an innovative biocomposite material consisting of 66% recycled post-consumer plastic and 34% renewable cellulose fiber, a sustainable alternative to fossil-based materials. The blades themselves are also made of recycled stainless steel.

In addition to being made of recycled and renewable materials, these scissors, like all Fiskars products, are designed to be of highest quality and to offer long-lasting performance.

ReNew

– a conscious choice for all cutting needs in creating, cooking and gardening

Features & benefits

1 Made of recycled and renewable materials

Total scissors are made of 80% recycled materials and 13% renewable materials. Scissors are 100% recyclable. Scissors packaging is made of 100% recycled and recyclable paper fiber.

2 Sharp blades

Durable stainless steel blades are made of 85-95% recycled stainless steel.

3 Ergonomic design

Comfortable handles are made of 66% recycled plastic (post consumer package waste) and 34% natural cellulose fiber.

4 Made in Finland

These scissors are made using an eco-friendly process in our environment-, quality- and safety -certified scissors factory in Billnäs, Finland.

5 Tested by hand

Fiskars x littala

Taika collection

The Taika collection features designer Klaus Haapaniemi's illustrations inspired by nature and storytelling. 'Magic' in Finnish, Taika patterns gradually reveal their details and layers of meaning to the viewer. Made in Finland.

Fiskars X Iittala scissors features & benefits

Klaus Haapaniemi (b. 1970) is an internationally renowned designer, recognised for his original style and imagination. His design approach is influenced by mystical nature, Finnish folklore and traditional decorative arts with a modern twist. The inspiration for the prints comes from a rich selection of cultural references: the worlds of art, ballet, music and storytelling.

Features & benefits

1 Made in Finland, tested by hand

Made in Billnäs, Finland, based on an over 365-year tradition of craftsmanship. Scissors are hand-tested at the factory, ensuring premium, long-lasting quality.

3 Concept blade stamp

4 Sharp blades
High quality stainless steel blades are durable and long-lasting.

2 Designers patterns come to life on the handles

- 3 different pattern colours.
- Handles are ergonomic and comfortable.
- For right-handed.

5 Screw enables adjusting blade tension

Screw keeps the blades steadily together.

- Perfect for fresh & delicious juice.
- Easy to clean and store.

Breakfast knives					Art.no. 1016121	EAN 6 424002 001782
Height: 25,4 cm	Length: 2,3 cm	Width: 9,9 cm	Weight: 0,07 kg	Retailbox: 4	Oldart.no. -	

- Perfect for spreading butter, honey or marmalade.
- Serrated plastic knives for cutting buns or croissants and for different kind of spreads.

Pizza wheel					Art.no. 1019533	EAN 6 424002 004301
Height: 2,3 cm	Length: 26 cm	Width: 9 cm	Weight: 0,05 kg	Retailbox: 6	Oldart.no. -	

- Perfect for easy pizza slicing.
- Plastic wheel is suitable also for non-stick surfaces.

Salad tongs					Art.no. 1014434	EAN 6 424002 000983
Height: 33 cm	Length: 3 cm	Width: 7,5 cm	Weight: 0,08 kg	Retailbox: 4	Oldart.no. 200098	

- Perfect for preparing and serving either as salad spoons or clicked together as tongs.
- Easy take-apart function.

Spiral whisk					Art.no. 1014438	EAN 6 424002 001027
Height: 6,1 cm	Length: 34,5 cm	Width: 7,8 cm	Weight: 0,04 kg	Retailbox: 6	Oldart.no. 200102	

- Perfect for easy whisking.
- Especially suitable for whisking cream and sauces.

Non-scratch whisk

Height: 35,6 cm	Length: 7 cm	Width: 8 cm	Weight: 0,05 kg	Retail box: 6	Art.no. 1023613	EAN 6 424002 005773
					Oldart.no. -	

- Perfect for easy whisking.
- Silicone coated whisk is easy to use and clean.

Silicone brush

Height: 27 cm	Length: 1,9 cm	Width: 8 cm	Weight: 0,05 kg	Retail box: 6	Art.no. 1023614	EAN 6 424002 005780
					Oldart.no. -	

- Perfect for easy baking.
- Silicone brush with specially designed bristles that hold liquids better.

Dough scraper

Height: 34,9 cm	Length: 1,6 cm	Width: 8 cm	Weight: 0,06 kg	Retail box: 6	Art.no. 1023615	EAN 6 424002 005797
					Oldart.no. -	

- Perfect for easy baking.
- Asymmetric scraper wipes the bowl perfectly.

Fish tweezers

Height: 3,7 cm	Length: 22,1 cm	Width: 7,6 cm	Weight: 0,06 kg	Retail box: 6	Art.no. 1003023	EAN 5 702268 581851
					Oldart.no. 858185	

- Stainless steel ensures good, firm grip on fish bones.

Edge knives

Modern all-around
knife with non-stick
properties

Fiskars Edge knives have a sleek, modern design and innovative features. The specialised coating does much more than just gives the knife an attractive black finish – it makes it easier to maintain.

Edge knives features & benefits

Durability for easy cutting, easy cleaning and storing.

1 Strong and thick blade for better cutting

High-quality Japanese standard stainless steel and taper grinding ensure sharpness of blade.

2 Ergonomic design

Enables all grips and left/right handed use. Handle enables user to hold knife close to blade.

3 Durable and easy to clean blade

Protective non-stick coating prevents corrosion and food from sticking to the blade.

4 Durable handle

Durable and impact resistant ABS plastic handle is easy to keep clean.

Dishwasher safe

Essential scissors

Poultry shears 23 cm					Art.no. 1023819	EAN 6 424002 006626
Height: 2 cm	Length: 27,2 cm	Width: 8,8 cm	Weight: 0,14 kg	Retailbox: 10	Oldart.no. 1002914	

- Designed to be practical and ideal for anyone seeking to equip their kitchen with the basic must-haves.
- Strong poultry shears for skinning, cutting and finishing poultry and game.
- Curved, profiled blades make cutting easier and feature groove for cutting bones.
- SoftGrip™ handles with finger-loop.
- Scissors has thumb-operated locking mechanism.
- For right- and left-handed.

Kitchen scissors with bottle opener 20 cm					Art.no. 1023820	EAN 6 424002 006633
Height: 1,9 cm	Length: 25,2 cm	Width: 8,8 cm	Weight: 0,1 kg	Retailbox: 10	Oldart.no. 1002915	

- Designed to be practical and yet affordable.
- Ideal for anyone seeking to equip their kitchen with the basic must-haves.
- Kitchen scissors have strong stainless steel blades with serrated lower blade that makes cutting particularly easy.
- Handles have integrated bottle opening function.
- For right- and left-handed.

General purpose scissors 21 cm					Art.no. 1023817	EAN 6 424002 006602
Height: 27 cm	Length: 2 cm	Width: 8,5 cm	Weight: 0,07 kg	Retailbox: 10	Oldart.no. 1002703	

- Designed to be practical and yet affordable.
- Ideal for anyone seeking to equip their kitchen with the basic must-haves.
- General purpose scissors are ideal for all kinds of cutting tasks at school and in the home.
- Ergonomic handles ensure a good grip.
- For right-handed.

Paper scissors 17 cm					Art.no. 1023818	EAN 6 424002 006619
Height: 24 cm	Length: 1,5 cm	Width: 8,5 cm	Weight: 0,04 kg	Retailbox: 10	Oldart.no. 1002704	

- Designed to be practical and yet affordable.
- Ideal for anyone seeking to equip their kitchen with the basic must-haves.
- Paper scissors are lightweight compact scissors with long stainless steel blades for cutting paper.
- Ergonomic handles ensure a good grip.
- For right- and left-handed.

Cuts+More Multi-purpose scissors					Art.no. 1000809	EAN 6 411507 156925
Height: 30,3 cm	Length: 2,5 cm	Width: 12 cm	Weight: 0,13 kg	Retailbox: 3	Oldart.no. 715692	

- Multi-purpose tool for inside and around the home.
- High-quality titanium blades.
- Take-apart design offers a knife as well as bonus features of a wire and twine cutter, bottle opener, power notch for light rope, tape cutter, sharpener and a blade sheath.
- Dishwasher safe for easy cleaning.
- For right-handed.

Essential utensils

Peeler					Art.no. 1065585	EAN 6 424002 015642
Height: 24,5 cm	Length: 1,7 cm	Width: 6,5 cm	Weight: 0,03 kg	Retailbox: 5	Oldart.no. 1023786	

- For peeling fruit and vegetables.

Swivel peeler					Art.no. 1065586	EAN 6 424002 015659
Height: 24,5 cm	Length: 1,7 cm	Width: 6,5 cm	Weight: 0,03 kg	Retailbox: 5	Oldart.no. 1023787	

- Swivel peeler for peeling fruit and vegetables easily.

Vegetable peeler					Art.no. 1065599	EAN 6 424002 015789
Height: 21 cm	Length: 1,5 cm	Width: 6,5 cm	Weight: 0,03 kg	Retailbox: 5	Oldart.no. 1023824	

- Y-shaped peeler for peeling vegetables.

Cheese slicer					Art.no. 1065587	EAN 6 424002 015666
Height: 22 cm	Length: 1,8 cm	Width: 7,5 cm	Weight: 0,04 kg	Retailbox: 5	Oldart.no. 1023789	

- The angle of the stainless steel blade ensures that the cheese does not break while cutting.

Soft cheese slicer					Art.no. 1065588	EAN 6 424002 015673
Height: 17 cm	Length: 1,8 cm	Width: 7,5 cm	Weight: 0,03 kg	Retailbox: 5	Oldart.no. 1023790	

- The short stainless steel blade prevents soft cheese from sticking to the blade.

Grater, 4 sides					Art.no. 1065589	EAN 6 424002 015680
Height: 23 cm	Length: 8,3 cm	Width: 11 cm	Weight: 0,16 kg	Retailbox: 5	Oldart.no. 1023798	

- Classic rectangular grater with all standard grating functions and robust handle at the top.

Baking brush					Art.no. 1065590	EAN 6 424002 015697
Height: 29 cm	Length: 1,5 cm	Width: 6 cm	Weight: 0,03 kg	Retailbox: 10	Oldart.no. 1023802	

- Brush with heat-resistant natural bristles. Design by Tobias Wandrup.

Dough scraper					Art.no. 1065591	EAN 6 424002 015703
Height: 35,8 cm	Length: 0,8 cm	Width: 6 cm	Weight: 0,05 kg	Retailbox: 10	Oldart.no. 1023803	

- Scraper with asymmetrical silicone head.
- Easy to use for scraping at different angles. Design by Tobias Wandrup.

Spoon					Art.no. 1065592	EAN 6 424002 015710
Height: 38 cm	Length: 4 cm	Width: 6,8 cm	Weight: 0,03 kg	Retailbox: 10	Oldart.no. 1023804	

- Large cooking spoon.
- Pointed shape that makes it easy to get into all corners. Design by Tobias Wandrup.

Pasta spoon					Art.no. 1065593	EAN 6 424002 015727
Height: 38 cm	Length: 5,5 cm	Width: 6 cm	Weight: 0,04 kg	Retailbox: 10	Oldart.no. 1023805	

- Pasta spoon that ensures good grip on pasta while allowing cooking water to drain away.
- Hole can be used to measure 1 portion of spaghetti. Design by Tobias Wandrup.

Non-drip soup ladle					Art.no. 1065594	EAN 6 424002 015734
Height: 38 cm	Length: 8 cm	Width: 8,5 cm	Weight: 0,05 kg	Retailbox: 10	Oldart.no. 1023806	

- Drip-free edge ideal for both right- and left-handed users.
- Capacity 100 ml. Design by Tobias Wandrup.

Spatula					Art.no. 1065595	EAN 6 424002 015741
Height: 38 cm	Length: 5 cm	Width: 6 cm	Weight: 0,03 kg	Retailbox: 10	Oldart.no. 1023807	

- Flexible spatula with sharp edges and practical, asymmetrical head. Design by Tobias Wandrup.

Easy-care whisk					Art.no. 1065596	EAN 6 424002 015758
Height: 35,5 cm	Length: 5,5 cm	Width: 6,5 cm	Weight: 0,02 kg	Retailbox: 10	Oldart.no. 1023809	

- Pan whisk that is particularly well-suited for making sauces, etc.
- Easy to clean, removable head, ideal for non-stick surfaces. Design by Tobias Wandrup.

Tongs					Art.no. 1065597	EAN 6 424002 015765
Height: 37,5 cm	Length: 1,5 cm	Width: 7 cm	Weight: 0,03 kg	Retailbox: 10	Oldart.no. 1023810	

- Ideal for non-stick surfaces. Design by Tobias Wandrup.

Service and care

Knives

The proper knife can make all the difference when it comes to preparing your ingredients. Not only is it essential to choose the correct style of knives for the dish and tasks at hand, you'll also need to consider which features — including comfort, aesthetics, longevity and more — make a knife or kitchen knife set ideal for you and your kitchen. Fiskars knows the importance of equipping your kitchen with the right tools, and we offer not only an inclusive, thoughtful assortment of knife styles, but also ranges that fit all of your must-haves and suit your personal preferences.

MAINTENANCE

The better a Fiskars knife is looked after, the longer the intervals, before it needs sharpening. However, it is perfectly normal for a knife to need sharpening every once in a while to maintain a perfect cutting edge. A knife stays sharp longer if you make sure to always cut on a suitable surface such as a chopping board made of wood or plastic. You should never use the knife directly on hard kitchen surfaces as this will blunt the edge.

Professional chefs use a sharpening tool each time when using a knife, to make sure it is sharp and ready for use. In normal domestic kitchens, it is not necessary to sharpen your knives as often. It is enough to either sharpen them at regular intervals or simply when they need it. Fiskars knives made of steel, have a hardness of between HRC 52 and HRC 58, which makes them ideal for everyday household use. Sharpening also made easy, using either a Fiskars Roll-Sharp™, a Fiskars sharpening steel or a Fiskars Whetstone.

Using a Fiskars Roll-Sharp™ for getting the job done quickly and easily. The Roll-Sharp™ should be placed on a flat surface, and the blade of the knife pushed backwards and forwards through it, 15-20 times. This makes sure the sharpening takes place at exactly the right angle. It is important that you move the knife backwards as well as forwards to make sure it gets sharpened on both sides. Using a sharpening steel or a whetstone requires some skill. The total sharpening angle of the knife is determining in which degree angle the sharpening should be done. With a sharpening steel the knife should be passed down the sharpening steel at the optimal angle each way, and repeated on the other side. Use long, even strokes. The Fiskars® Whetstone Knife

Sharpener includes all equipment that is needed for sharpening a knife. This extremely effective knife sharpener is suitable for use on all Fiskars® knives, including Taiten knives with titanium blades, which can only be sharpened with a sharpening stone. The package contains detailed instructions for safe, comfortable at-home knife sharpening. Irrespective of which method you prefer to use to keep your Fiskars knives sharp, you should rinse off the knife using hot water and dry it once you are finished.

CLEANING

Most Fiskars knives can be washed in the the dishwasher. Norden, Taiten, Norr & All Steel knives should be washed by hand. When washing your knives by hand, rinse and dry them off straight after washing. Fiskars knives must not be left to soak. It is also important not to allow food remains to dry on the surface of the knife, because acids present in the food residue will damage the knife in the long run. If you do put Fiskars knives in the dishwasher, it is a good idea to make sure they do not come into contact with other utensils, dishes or cutlery, because this will cause damage to the cutting edge.

Small amounts of rust are sometimes present in dishwashers of all kinds, and these can spread around while the dishwasher is running. These rust spots can stem from the inside of the dishwasher itself, or from other items being washed. They may also have been left behind by previous washes. If you prefer to wash your Fiskars knives in the dishwasher, open the door to let the steam escape. It is also a good idea to dry off the knives with a dry cloth once the dishwasher cycle is complete. If rust spots do appear on your knives you can remove them by using a regular steel cleaning product.

STORING

Most knives quickly become blunt, if they are just placed in a drawer, because the cutting edge gets damaged by movement and contact with other items. To keep Fiskars knives sharp, they should either be placed in a knife block or on a magnetic wall rack.

Scissors

The handles of all Fiskars scissors are injection-moulded directly onto the blades. This makes them as hygienic as possible, because there are no cracks and gaps in which bacteria can accumulate. Our handles are made of impact-resistant plastic.

The nickel-free blades are precision-ground, and our Classic, Functional Form, ReNew, Fiskars X littala as well as Fiskars X Moomin scissors are made of hardened stainless steel with a hardness of HRC 57. The scissors that have a screw enables easy adjustment of blade tension.

MAINTENANCE

Most of the handles on Fiskars Classic scissors are made of polybutylene terephthalate (PBT), a plastic that can be sterilised effectively using either gamma rays or an autoclave. If you use an autoclave, the temperature should not exceed 137°C. It is a good idea to keep the blades sharp by regular use of a Fiskars Clip-Sharp™. Fiskars scissors are generally dishwasher safe.

STORING

Some Fiskars scissors are sold in a storage cover that makes sure no one catches their fingers or hands on the points if the scissors are lying around or are in a drawer. The cover also helps protect the scissors against damage, and keeps them sharp longer.

Cutlery

All Fiskars cutlery is made out of durable and easy to care for 18/10 stainless steel which consists of 18% chromium and 10 % nickel. Chromium protects the steel against corrosion. The addition of nickel increases corrosion resistance while also giving it a bright silver like polished appearance, hardness, and exceptional resistance to all temperatures.

CARE INSTRUCTIONS

New cutlery should always be washed before first time use. To keep Fiskars cutlery looking good as long as possible, it is advisable to polish it with a regular steel cleaning product at least once a year.

Wash, or at least rinse, the cutlery immediately after dining. Do not soak the cutlery for a long time, and do not use steel wool for cleaning. If you wash the cutlery in the dishwasher, the cutlery basket should not be packed too full and the blades and spoons should have some space between them. When the cutlery is left in the machine after washing, open the hatch to let the steam escape. Humidity is not good for the cutlery. Acidic substances like vinegar, mustard, mayonnaise, rhubarb, and salt can cause tiny, dark spots, or even rust, on the surface of the cutlery if it is not rinsed or washed after use.

Even though the cutlery is very durable, it may become scratched, discolored or worn with time. You can make cutlery shiny again by using a regular steel cleaning product.

Service and care

Cookware

Fiskars uses durable materials of high-quality and also invests in R&D in order to make the best possible cookware, every day.

ALUMINIUM, STAINLESS STEEL AND CAST IRON FOR THE BEST POTS AND PANS

As a core material for coated pans aluminium beats all others thanks to its phenomenal heat conductivity. Also the sides of the pan heat the food. Aluminium pans are easy to handle because aluminium is a light metal. It is also a soft material, which is why we coat the entire pan so it can withstand wear much better. Stainless steel is extremely durable, easy to care for and to clean. Stainless steel withstands very high temperatures and corrosive substances, such as acids. Only highly concentrated solutions of cooking salt and extremely strong acids can damage a stainless steel surface. Products with plastic fittings are oven safe up to 150 °C and products with stainless steel fittings up to 270 °C. Cast iron cookware conducts heat extremely well. The enamel protects the cookware from rusting. Even though the dish is incredibly durable, the enamel glaze can flake or peel if it is hit against hard objects.

COATINGS

The quality of the coating is essential and therefore Fiskars is constantly working to make coatings stronger and to further improving their non-stick properties. The Fiskars coatings have excellent non-stick properties. The advantages of this coating include its hardwearing nature and effective corrosion protection. For a longer life span, please use plastic and wooden utensils.

USE AND MAINTENANCE

Before first use remove all packaging and labels. Wash the dish by hand in hot water using mild detergent. Dry thoroughly, using a soft cloth. Fiskars cookware can be used on all heat sources. Always match the pan size with the stovetop heat zone.

Avoid sudden temperature changes. Fiskars cookware products can be placed in the dishwasher, but we recommend washing the cookware by hand in warm water with mild detergent to prolong its performance. For Fiskars cast iron products we recommend handwash.

CLEANING

Wash the cookware before using it for the first time and clean the cookware immediately after use. Fiskars aluminium and stainless steel cookware products are dishwasher safe. For the Fiskars cast iron cookware, we recommend handwash. Washing coated aluminium and stainless steel cookware by hand will prolong their life span. Thoroughly dry the cast iron cookware after washing. This will prevent rust forming on the edges, as the edges are not protected by the enamel.

! All Fiskars Kitchen products are officially approved for use in direct contact with food products.

Fiskars has championed the ageless principles of high quality, intuitive and sustainable design since 1649. We empower every enthusiast to follow their passions and create the life they want. We believe that making our daily activities enjoyable, inspiring and sustainable builds happiness and wellbeing that extends beyond our homes – to our families, our friends, our communities, and our planet.
